Joint Standing Committee on Transportation

This bill, which is a concept draft pursuant to Joint Rule 208, proposes to revisit the motor vehicle classification of autocycle, which was defined in the Maine Revised Statutes, Title 29-A, section 101, former subsection 6-B as an enclosed motorcycle with up to three wheels. The definition was a temporary measure that self-repealed in 2013. This bill proposes reviewing various types and models of enclosed motor vehicles with three wheels or fewer that are existing or under development for the purpose of registration and possibly creating a new motor vehicle classification for registration under the State's motor vehicle laws.

This bill was carried over to any special or regular session of the 127th Legislature by joint order, H.P. 992.

LD 706 **Resolve, To Establish a Commission To Study Transportation Funding Reform** **Died On Adjournment**

MCLEAN	OTP-AM	H-223

This resolve, which is a concept draft pursuant to Joint Rule 208, proposes to establish a commission composed of Legislators, transportation professionals or other parties to study transportation funding reforms that will promote equity and sustainability and that will yield the predictable funding levels needed to support a safe and reliable highway and bridge system that supports economic opportunity.

Study topics may include, but are not limited to, a review of the funding levels necessary to achieve the capital goals set forth in the Maine Revised Statutes, Title 23, section 73, subsection 7, paragraphs A to D including anticipated shortfalls; a 10-year capital funding plan to meet those goals; mechanisms to address the erosion of Highway Fund receipts and the rising inequity among drivers caused by higher automobile fuel efficiency; methods to more equitably share the costs of the highway system between residents and visitors from outside the State; rolling back baseline fuel tax rates and adding a wholesale tax component; and the use of a portion of sales tax receipts from transportation-related sales for transportation needs.

The commission is required to submit a report of its findings, including suggested legislation, to the Joint Standing Committee on Transportation by December 15, 2015, which in turn may submit a bill for presentation to the Second Regular Session of the 127th Legislature relating to the subject matter of the report.

Committee Amendment "A" (H-223)

This amendment, which strikes and replaces the concept draft, establishes the Commission To Study Transportation Funding Reform. The commission is required to study how to reform and adequately supplement funding for the State's transportation infrastructure to promote equity, sustainability and predictability in a manner that allows the State to responsibly provide a safe and reliable transportation system. The commission is required to report its findings and recommendations, including suggested legislation, to the Joint Standing Committee on Transportation no later than December 2, 2015. The Joint Standing Committee on Transportation may submit legislation to the Second Regular Session of the 127th Legislature relating to the subject matter of the report. The amendment also adds an appropriations and allocations section.
