LD 830 **An Act To Eliminate the Dual Licensing of Physician Assistants**

PUBLIC 242

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MASTRACCIO PATRICK	OTP-AM	H-362

This bill is a concept draft pursuant to Joint Rule 208. It proposes to reduce the regulatory burden on a physician assistant who is currently required to be licensed by both the Board of Licensure in Medicine and the Board of Osteopathic Licensure if that physician assistant is supervised by both allopathic and osteopathic physicians. The bill proposes to require one of the physician licensing boards to issue all the licenses needed by a physician assistant, regardless of which board licenses the supervising physician.

Committee Amendment "A" (H-362)

This amendment replaces the bill and establishes a licensing process for physician assistants by which a qualified applicant may apply for licensure by the board that licenses the applicant's supervising physician, if known. If the applicant does not identify a supervising physician, the applicant may apply to either the Board of Osteopathic Licensure or the Board of Licensure in Medicine. An applicant for physician assistant licensure may be issued a license by only one of the boards, but may practice under the supervision of either an osteopathic physician or an allopathic physician. The amendment allows both boards to jointly adopt rules governing the licensure of physician assistants.

Enacted Law Summary

Public Law 2015, chapter 242 establishes a licensing process for physician assistants by which a qualified applicant may apply for licensure by the board that licenses the applicant's supervising physician, if known. If the applicant does not identify a supervising physician, the applicant may apply to either the Board of Osteopathic Licensure or the Board of Licensure in Medicine. It allows a person who has received the doctor's degree from a reputable college or university to append the letters "M.D." to that person's name, if that person is not engaged in the practice of medicine or surgery, as long as that person's license to practice has never been revoked by the Board of Licensure in Medicine.
