An Act To Increase Access to Health Security by Expanding Federally Funded Health Care for Maine People

Died Between Houses

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SANBORN GRATWICK	OTP-AM ONTP	

This bill expands medical coverage under the MaineCare program to adults who qualify under federal law with incomes up to 133 percent of the nonfarm income official poverty line, with the five percent federal income adjustment for family size, and qualifies Maine to receive federal funding for 100 percent of the cost of coverage for members who enroll under the expansion. Adults who will be eligible are those 21 to 64 years of age beginning January 1, 2016 and adults 19 and 20 years of age beginning October 1, 2019.

Committee Amendment "A" (H-470)

This amendment replaces the substantive provisions of the bill, designating as Part A the provision of the bill that expands medical coverage under the Medicaid program to adults under 65 years of age who qualify under federal law with incomes up to 133 percent of the nonfarm income official poverty line, with the five percent federal income adjustment for family size, and qualifies the State to receive enhanced federal funding for the cost of coverage of newly eligible members. It further provides for an annual expenditure cap for services, requiring quarterly expenditure reporting and a mechanism for terminating coverage if it is determined that expenditures will not remain within the cap. It also terminates coverage if the enhanced federal share drops below the amount specified in the federal Patient Protection and Affordable Care Act, 42 United States Code, Section 18001, et seq., as enacted in 2010.

Part B requires the Office of Fiscal and Program Review to study the impact of the MaineCare expansion on programs and services that do not currently receive federal medical assistance percentage matching funds or do not qualify for enhanced federal medical assistance percentage matching funds under the federal Patient Protection and Affordable Care Act with the goal of identifying and maximizing General Fund savings. The fiscal office shall report twice, no later than February 15, 2016 and February 15, 2017, respectively, to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs, the joint standing committee of the Legislature having jurisdiction over health and human services matters and the joint standing committee of the Legislature having jurisdiction over criminal justice and public safety matters on the amount of General Fund savings resulting from the MaineCare expansion. It requires the State Budget Officer to calculate the amount of savings that applies against each General Fund account for all departments and agencies from savings associated with the MaineCare expansion and to transfer the amounts by financial order upon the approval of the Governor. Any remaining savings must be transferred to the MaineCare Stabilization Fund. It adds an appropriations and allocations section.

Resolve, To Adjust Reimbursement Rates for Dental Services and Improve Access to Dental Care under the MaineCare Program

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCCORMICK	OTP-AM OTP-AM	S-235

This resolve directs the Department of Health and Human Services to incrementally adjust the MaineCare reimbursement rates for certain dental services annually over the next five years until the rates reach the 10th percentile of the fees for the New England region in the most recent "Survey of Dental Fees" published by the American Dental Association. The resolve provides that the rates must then be adjusted annually for inflation.
