This bill expands the Competitive Skills Scholarship Program to include participants who are under 18 years of age if they are full-time secondary students at a public secondary school and enrolled in a career and technical education program at a career and technical education center or a career and technical education region and:

1. Do not have a marketable postsecondary degree;
2. Have income less than 200% of the federal poverty level; and
3. Are applying for education or training for a job in an approved industry.

The bill also directs the Commissioner of Labor to transfer funds from the Competitive Skills Scholarship Fund to cover postsecondary education expenses for secondary students in a dual enrollment career and technical education program established pursuant to statute, also known as a "Bridge Year Program."

The provisions in the bill are repealed on January 1, 2021.

Committee Amendment "A" (S-224)

This amendment strikes and replaces the bill. Like the bill, the amendment expands the Competitive Skills Scholarship Program to include participants who are under 18 years of age if they are full-time students at a public secondary school and enrolled in a career and technical education program at a career and technical education center or a career and technical education region. The amendment requires these participants to meet the other

eligibility criteria of the program, which require that participants:

1. Not have a marketable postsecondary degree;
2. Have family income less than 200% of the federal poverty level;
3. Be applying for education or training for a job in an approved industry; and
4. Have the aptitude to undertake and complete education or training as determined by the institution providing the education or training.

The amendment caps program expenditures for these students, including administrative and case management costs and the costs for these students if they continue in the program after reaching 18 years of age, at 15% of the annual revenue of the Competitive Skills Scholarship Fund.

The amendment provides that these provisions are repealed January 1, 2020.

The Department of Labor must submit a report to the Legislature regarding these changes to the Competitive Skills Scholarship Program, and the joint standing committee of the Legislature having jurisdiction over workforce training matters is authorized to report out a bill to the First Regular Session of the 129th Legislature.

This amendment also adds an appropriations and allocations section to the bill.
