SAVIELLO	OTP-AM	S-86

This bill creates a statutory program to reduce shoreline erosion and protect lake quality, to be administered by the Department of Environmental Protection. It directs the department to contract with the Lakes Environmental Association for implementation of the program and to use volunteer labor from the Youth Conservation Corps for an eight-week period in the summer of 2016 and the summer of 2017. The scope of the contracted work is to be determined by the amount of outside funds deposited into the Erosion Control Fund from which the department is directed to disburse \$3 from the fund for every \$2 received from the outside source, up to \$150,000 for each year.
