**LD 991**     **An Act To Amend Maine's Genetically Modified Food Products Labeling Law**

**Died On  
Adjournment**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DUNPHY M SAVIELLO T	OTP-AM OTP-AM	H-596

This bill was carried over from the First Regular Session of the 127th Legislature.

Maine's genetically modified food products labeling law includes a delay of the effective date of the law until mandatory labeling of genetically engineered food is adopted by at least five contiguous states including Maine. The law also includes an automatic repeal if mandatory labeling of genetically engineered food is not adopted by at least five contiguous states including Maine by January 1, 2018. This bill repeals both the delayed effective date and automatic repeal provisions, thereby making the law effective.

**Committee Amendment "A" (H-596)**

This amendment is the majority report of the committee. It strikes and replaces the bill.

This amendment extends by four years, from 2018 to 2022, the date before which five contiguous states, including Maine, have to adopt mandatory labeling of genetically engineered food in order for Maine's law to go into effect. If that contingency is not met, Maine's genetically modified food products labeling law is repealed.

**Committee Amendment "B" (H-597)**

This amendment is the minority report of the committee. It repeals the public law that enacted Maine's genetically modified food products labeling law, which only takes effect if mandatory labeling is adopted by at least five contiguous states including Maine.

This amendment instead enacts the labeling law contingent on approval by the voters in a referendum at the general election in November. This amendment was not adopted.

**LD 1022**     **An Act To Protect the Future of Harness Racing**

**PUBLIC 493  
EMERGENCY**

MAREAN D DIAMOND G	OTP-AM	H-377

This bill was reported out of committee in the prior session and then carried over on the Special Appropriations Committee Table.

This bill removes the provision of law that terminates certain payments of net slot machine income to the Fund to Encourage Racing at Maine's Commercial Tracks when all commercial tracks have obtained a license to operate slot machines. It also provides that if a commercial track ceases operation and is not immediately replaced by a commercial track in the same region that is owned by the same owner as the commercial track that ceased operation, all amounts in the fund must be disbursed to the remaining commercial tracks and to agricultural fairs based on days raced during extended meets up to a maximum of 100 days raced during extended meets per year and until such time as a new commercial track begins operation. A commercial track or agricultural fair receives a payment per race day equal to the quotient of the amount in the fund divided by 150. Any amount remaining in the fund after payments are made to commercial tracks and agricultural fairs must be transferred to the operating account of the
