<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCCREIGHT GRATWICK	OTP-AM ONTP	

This bill protects employees and employment applicants from discrimination based on an employer's beliefs about a particular drug, device or medical service. It also prohibits an employer from obtaining or inquiring about information about an employee's or an employee's dependent's reproductive health decisions, including but not limited to a decision to use a particular drug, device or medical service, without the employee's prior informed affirmative written consent. The bill prohibits employers from taking any adverse employment action against an employee based on the use of any particular drug, device or medical service related to the employee's or the employee's dependent's reproductive health decisions. No existing rights or protections against discrimination of an employee provided through any other provision of law or collective bargaining unit are limited by this chapter.

Committee Amendment "A" (H-381)

This amendment, which is the majority report of the committee, replaces the bill. It amends the Maine Human Rights Act to expand the protection from employment discrimination to cover the use of a particular drug, device or medical service related to the reproductive health decisions of employees, the dependents of employees and applicants for employment. It also prohibits an employer, employment agency or labor organization from obtaining or inquiring about information about reproductive health decisions of an employee, an employee's dependent or an applicant for employment.
