MCCABE J DAVIS P	OTP-AM ONTP	

This bill was carried over from the First Regular Session of the 127th Legislature.

The funds provided by this bond issue, in the amount of \$10,000,000, will be used for a competitive grant program that matches local funding for the upgrade of municipal culverts at stream crossings in order to improve fish and wildlife habitat and increase community safety.

Committee Amendment "A" (H-679)

This amendment is the majority report of the committee. This amendment reduces the total bond issue amount to \$5,000,000 from \$10,000,000. The amendment also provides for funds to be transferred to the Office of the Secretary of State if the number or length of the referendum questions to be submitted to the voters at the general election in November 2016 requires the Secretary of State to produce and distribute more than one ballot to accommodate those questions.

This amendment was not adopted.

This bill was carried over from the First Regular Session of the 127th Legislature in the Joint Standing Committee on Agriculture, Conservation and Forestry.

This bill creates the Animal and Plant Disease and Insect Control Fund to pay for pest management and pesticide safety outreach and education and for operating costs relating to pesticide management and insect control of the University of Maine Cooperative Extension's animal and plant disease and insect control laboratory. The Animal and Plant Disease and Insect Control Fund is funded by a 20¢ fee on every container of consumer packaged pesticides, with some exceptions.

Committee Amendment "B" (H-659)

This amendment was reported out by the Joint Standing Committee on Agriculture, Conservation and Forestry in the Second Regular Session of the 127th Legislature. It renames the Animal and Plant Disease and Insect Control Fund in the bill to the Animal and Plant Disease and Ticks and Other Insects Management Fund and changes the permitted uses of the fund. It also changes the funding source of the fund from a 20¢ fee on every sale of a container of consumer packaged pesticides to an annual allocation from the Legislature of at least \$400,000. In fiscal year 2016-17, this allocation will come from the Other Special Revenue Funds account within the Department of Agriculture, Conservation and Forestry, Board of Pesticides Control. Beginning in 2017, the Commissioner of Agriculture, Conservation and Forestry is required to determine by February 1st of each year from which accounts or sources the funds must be transferred so that the sum equals at least \$400,000, and must notify the State
