Joint Standing Committee on Energy, Utilities and Technology

Commission the authority to execute an additional contract under the Act called a physical energy storage contract, which is a contract for physical storage capacity of liquefied natural gas. As in the Act, for energy cost reduction contracts, the commission may only execute a contract in consultation with the Governor's Energy Office and the Public Advocate. A contract or contracts for physical energy storage under this law may not exceed in total \$25,000,000 annually, and the total of all contracts entered into under the Maine Energy Cost Reduction Act may not exceed \$75,000,000 annually. This law makes the process for the determination and execution of a contract for physical energy storage consistent with the requirements for an energy cost reduction contract. This law specifies that prior to September 1, 2016, the commission may not initiate a proceeding for a physical energy storage contract unless the commission has issued an order in the adjudicatory proceeding initiated under the Maine Revised Statutes, Title 35-A, chapter 19, pending as of February 1, 2016, for consideration of approval for one or more energy cost reduction contracts that includes a determination of the contract amounts to be purchased. This law further specifies that the enactment of this law is not to be construed to reflect legislative findings on Public Law 2013, chapter 369, Part B, section 1, nor to have any substantive or procedural effect on the commission proceeding for consideration of approval for one or more energy cost reduction contracts pending as of February 1, 2016.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SAVIELLO T	ONTP OTP-AM	

This bill was carried over from the First Regular Session of the 127th Legislature.

This bill establishes the Solar Energy Agricultural Rebate Fund to be used by the Efficiency Maine Trust to provide rebates until December 31, 2017 for solar photovoltaic and solar thermal technologies to agricultural businesses. LD 1075 An Act To Amend the Charter of the Canton Water District

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PATRICK J PETERSON M	ONTP	

This bill was carried over from the First Regular Session of the 127th Legislature.

This bill amends the Canton Water District charter. It adds language allowing the district to contract out work, changes provisions governing the scheduling of the annual meeting of the board of trustees in order to increase flexibility and changes the provisions regarding compensation of trustees to have the trustees recommend and the municipal officers of the Town of Canton approve compensation amounts. It removes language allowing the trustees to include their annual report in the town report. It changes a quorum at annual and special meetings of the board of trustees from five percent to a majority of those present and narrows voting at those meetings from residents of the district to customers residing in the district. It also establishes readiness-to-serve charges, allows the district to invest in mutual funds and establishes liens for unpaid rates.
