This bill is a concept draft pursuant to Joint Rule 208. The bill proposes to implement a comprehensive strategy to increase the affordability of tuition at state public universities and colleges for Maine residents, thereby increasing the graduation rate from those state public institutions of higher education, and to attract to and keep in Maine young professionals. The comprehensive strategy may include, but is not limited to:

1. Establishing a textbook scholarship program, in coordination with the public institutions of higher education to provide scholarships for the purchase of textbooks at those institutions. The scholarships would be available to graduates of Maine high schools who have a grade point average of 3.0 or better on a 4.0 scale;
2. Establishing scholarships or providing incentives for degree completion with agreements to remain in the State after graduation for specified periods. Under this program, a full scholarship for the fourth and final year of school at a Maine public institution of higher education would be provided to students who agree to work in the State for a certain period of time following graduation;
3. Requiring the Department of Education and the Finance Authority of Maine cooperatively to issue low-interest student loans to students attending a public or private institution of higher education in this State who meet certain criteria, such as financial need, academic merit, graduating within four years or agreeing to work in public service for a certain period after graduation;
4. Requiring the Finance Authority of Maine to establish additional tax credits, state grants and other forms of financial aid for higher education for residents of this State who are graduates from a Maine public institution of higher education and an education loan repayment program for all graduates of an institution of higher education who are residents of this State;
5. Establishing a loan repayment program for graduates employed in certain high-demand fields in this State;
6. Establishing goals for college graduation attainment for the next 25 years;
