The funds provided by this bond issue, in the amount of \$65,000,000, will be used to assist in the provision of energy-efficient affordable homes to low-income Maine seniors. The bulk of the bond proceeds will be used to construct new homes for seniors and to adaptively reuse existing structures to provide homes for seniors. At least one project will be located in each of Maine's 16 counties. Preference will be given to home locations that have access to health care services, other essential goods and services and public transportation. A portion of the bond proceeds will provide for home repair and weatherization of the existing homes of low-income seniors. The bond proceeds will leverage an estimated \$100,000,000 in private and other funds.

Committee Amendment "A" (H-503)

This amendment reduces the total bond amount to \$15,000,000 by reducing the amount for construction of new homes for seniors to \$14,500,000 from \$64,000,000 and the amount for home repair and weatherization from \$1,000,000 to \$500,000. The amount of private and other funds that this bond will leverage is reduced to \$22,600,000 from \$100,000,000. The amendment also removes the requirement that at least one project must be located in each county and the requirement that preference must be given to homes in locations that have access to public transportation.
