**An Act To Provide for Improved Reporting of Marine Resources Landings**

**PUBLIC 201**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
KRUGER BAKER	OTP	

This bill changes the marine resources licensing laws to facilitate the expansion of the use of the transaction card system for electronic dealer reporting that was implemented in Maine's elver fishery in 2014. Specifically, it provides that an individual who holds a dealer's license may be required to obtain equipment specified by the Department of Marine Resources in order to engage in licensed activities. Additionally, it specifies that in the sea urchin and scallop fisheries the license holder must be the individual who sells the harvested product; only the license holder will be issued a transaction card.

The bill also prohibits a holder of a wholesale seafood license from dealing in scallops without the holder's obtaining from the Commissioner of Marine Resources a scallop permit, which permits the holder to buy scallops from harvesters and to sell, process, ship or transport scallops.

BURNS KUMIEGA	OTP-AM	S-109

This bill amends the laws governing the enforcement of the marine resources laws in the following ways.

1. It specifies that notices of penalties and hearings are deemed received three days after they are mailed.
2. It authorizes the Commissioner of Marine Resources to deny the renewal of a license for an elver harvester or elver dealer who has not paid a pecuniary gain fine assessed to that harvester or dealer for buying or selling elvers in excess of that harvester's or dealer's quota.
3. It amends the consent to inspection provision to allow covert electronic surveillance by the Bureau of Marine Patrol, including allowing the bureau to place electronic surveillance equipment on lobster vessels for the purpose of determining if a lobster and crab fishing license holder is fishing over the trap limit.
