Amendments Adopted

This bill provides that a memorandum of agreement entered into by the Commissioner of Marine Resources regarding interstate transport of shellfish for depuration must be reciprocal among the states involved and require that the depuration occur in a facility certified for depuration by the United States Food and Drug Administration.

Committee Amendment "A" (H-286)

This amendment clarifies references in the bill to the National Shellfish Sanitation Program and facilities where depuration of shellfish may occur. The amendment also removes the requirement that a memorandum of agreement regarding interstate transport of shellfish for depuration be reciprocal among the states involved.
