Joint Standing Committee on Education and Cultural Affairs

LD 1491 An Act To Allow Trained, Nonmedical Employees in Schools To Administer Emergency Medications ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CHENETTE J DUTREMBLE D	ONTP	

This bill authorizes a school administrative unit to participate in a program to allow nonmedical employees to volunteer to be trained to provide emergency medication to students upon request by a parent or guardian.

LD 1492 An Act To Establish a Protocol for Review of State Education Content Standards of the System of Learning Results Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
TUELL W WOODSOME D	OTP-AM	H-579

This bill removes the Common Core State Standards Initiative standards from the system of learning results at the end of the 2016-2017 school year. For the 2016-2017 school year, as an alternative to the core of standards in English language arts and mathematics for kindergarten to grade 12 established in common with the other states, the bill allows a school administrative unit to administer the statewide system of learning results standards that were in effect prior to April 12, 2010. It requires the Department of Education, with input from a stakeholder group, to develop new statewide content standards for use beginning with the 2017-2018 school year and to submit provisionally adopted major substantive rules to the Legislature by January 2, 2017. It requires the department to develop and adopt assessments for elementary and secondary schools in English language arts and mathematics that are aligned with the new content standards for use beginning with the 2017-2018 school year. The bill also requires the department to establish accountability standards at all grade levels in the area of social studies.

Committee Amendment "A" (H-579)

This amendment replaces the bill and does the following.

1. It requires the Commissioner of Education to submit an annual report to the joint standing committee of the Legislature having jurisdiction over education matters on the status of the review of the content standards and performance indicators by content area of the system of learning results established pursuant to the Maine Revised Statutes, Title 20-A, section 6209, subsection 4.
2. It requires the annual report on the status of the review of the content standards to include a compilation and analysis of data on student progress towards achievement of the content areas under review and a listing of public comments received related to the content areas under review. It requires the commissioner, by June 30, 2017, to adopt or amend rules regarding the annual reporting requirement.
3. It requires the Department of Education to establish a content standards review committee and content standards review subcommittees to review and approve the statewide content standards developed by the department pursuant to the Maine Revised Statutes, Title 20-A, section 6209, subsections 4 and 5. It authorizes the commissioner to adopt rules based on recommendations from the review committee and review subcommittees.
