127TH LEGISLATURE

SECOND REGULAR SESSION

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the Second Regular Session of the 127th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

Joint Standing Committee on Education and Cultural Affairs

and no school administrative unit enrolls the student voluntarily. For a student receiving special education services, the law requires a resident school administrative unit to pay to the receiving school administrative unit tuition, special education tuition, other costs directly related to the student's special education and costs associated with due process proceedings for providing a free, appropriate public education.

3. It provides that once the commissioner makes a designation to enroll a student who resides in a school administrative unit that neither maintains a school nor contracts with another school administrative unit, the student must be enrolled in the receiving school administrative unit designated by the commissioner. If dissatisfied with the commissioner's decision, the superintendent of the school administrative unit where the student resides or the superintendent of the receiving school administrative unit may, within 10 calendar days of the commissioner's decision, request that the State Board of Education review the transfer; the state board may approve or disapprove the commissioner's designation.

4. It provides that, when the Department of Health and Human Services places a state ward in an out-of-state residential treatment center, the Commissioner of Education may designate the Department of Education as having responsibility for the oversight of the child's individualized education program.

5. It makes the following changes to the education laws relating to public charter schools:

A. Charter schools authorized by a local school board or a collaborative among local school boards are required to give enrollment preference to residents of the school administrative unit or units whose school board or school boards authorized the charter school;

B. The submission deadline for a charter school authorizer's annual report to the commissioner is extended from 60 to 90 days after the end of the school fiscal year and statutory language is added to address the disposition of graduation records and records of other students not transitioning to another Maine public school if a charter school closes;

C. Language is added to reflect that charter schools are subject to educator effectiveness requirements;

D. Language is added to provide that the compulsory attendance laws also apply to virtual charter schools; and

E. For a charter school in a school administrative unit with an enrollment of 500 or fewer students, current law caps the number of students from the school administrative unit that the charter school may enroll during its first three years of operation at 5% of the school administrative unit's noncharter public school students per grade level. The law provides that if 5% of the school administrative unit's noncharter public school students per grade level is less than one, the charter school may enroll one student from the school administrative unit per grade level in each of the charter school's first three years of operation.

Public Law 2015, chapter 448 was enacted as an emergency measure effective April 10, 2016.
