Joint Standing Committee on Health and Human Services

LD 20

An Act To Reimburse Nursing Homes for the Loss of Coinsurance and Deductibles for Skilled Nursing Beds under Rules Adopted by the Department of Health and Human Services

**Died On
Adjournment**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MALABY R	OTP-AM ONTP	H-39

This bill was reported out of committee in the First Regular Session of the 128th Legislature and then carried over to the Second Regular Session on the Special Appropriations Table. This bill was again carried over, still on the Special Appropriations Table, from the Second Regular Session to the next special session by joint order S.P. 748.

This bill appropriates and allocates funding to reimburse nursing homes for the losses of coinsurance and deductibles for skilled nursing beds under rules adopted by the Department of Health and Human Services as required in Public Law 2013, chapter 368.

Committee Amendment "A" (H-39)

This amendment, which is the majority report of the committee, adjusts the funding for reimbursement for the losses of coinsurance and deductibles to reflect a more current estimate and includes additional funding for the Department of Administrative and Financial Services, Office of Information Technology for testing and development.

LD 40

An Act To Strengthen Requirements for Water Testing for Schools

Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MILLETT R KORNFIELD T	OTP-AM ONTP	S-406 S-429 MILLETT R S-492 MILLETT R

This bill was carried over from the First Regular Session to the Second Regular Session of the 128th Legislature. This bill was then carried over from the Second Regular Session to the next special session by joint order S.P. 748.

This bill requires schools that take drinking water from public water systems to have the same tests performed on that water as schools that take drinking water from sources other than public water systems, except that school buildings less than 10 years old are exempt from this requirement. Under the bill, after receiving results of school water tests, the Department of Education must make the results available to the public. The Department of Health and Human Services must make test results from nursery schools available to the public.

Committee Amendment "A" (S-406)

This amendment is the majority report of the committee. It replaces the bill. It requires all schools to test water used for drinking or culinary purposes for lead using water testing kits or by submitting samples of water to an approved laboratory for lead testing. It directs the Department of Health and Human Services to establish by major substantive rule the acceptable water lead levels, testing protocols, appropriate abatement and mitigation methods and public notification requirements. It directs the department to provisionally adopt major substantive rules and submit them to the Legislature no later than 5:00 p.m. on January 11, 2019. It provides that the department has the authority to issue an order reducing exposure to lead and protecting public health until the elevated water lead levels are mitigated or abated. It provides that water lead abatement or mitigation efforts will receive Priority 1 status for receipt of funds from the School Revolving Renovation Fund in the custody of the Maine Municipal Bond Bank.
