ALLEY R MAKER J		

This bill allows employees at state correctional facilities that close who have not reached their normal retirement age to retire and receive their full retirement benefit if certain conditions are met and funding is appropriated for the additional actuarial costs that result from the elimination of a reduction for retirement prior to normal retirement age.

This bill requires the Commissioner of Administrative and Financial Services to provide certification of the pending closure of a state correctional facility to the Maine Public Employees Retirement System. The bill requires the retirement system to calculate the amount of funding necessary to pay for the actuarial costs and report that information to the joint standing committee of the Legislature having jurisdiction over retirement matters. The bill provides that the joint standing committee may report out legislation appropriating funds for the costs set forth in the report.

This bill was carried over to any special or regular session of the 128th Legislature by joint order, H.P. 1138.

 MADIGAN J

This bill is a concept draft pursuant to Joint Rule 208.

This bill proposes to implement changes to the Participating Local District Consolidated Retirement Plan administered by the Maine Public Employees Retirement System; the changes would be based on recommendations of the Participating Local District Advisory Committee. The committee, which represents both employee and employer interests, is authorized by statute to provide proposals for changes to the plan. Pursuant to that authority, the committee is reviewing possible plan adjustments to improve future funding levels and is expected to issue its recommendations prior to the end of the First Regular Session of the 128th Legislature.
