## *Joint Standing Committee on Health and Human Services*

### **Committee Amendment "B" (H-534)**

This amendment, which is one of two minority reports of the committee, provides that an individual who is not supervised by a child care staff member of a family child care provider or child care facility who has passed the required criminal background check under the Maine Revised Statutes, Title 22, sections 8302-A and 8302-B and who has access to children who are cared for or supervised by a child care facility or family child care provider is required to pass a criminal background check pursuant to 42 United States Code, Section 9858f(b). It also provides that a person who provides day care in that person's home for one or two children whose care is paid for by state or federal funds is required to pass a criminal background check pursuant to 42 United States Code, Section 9858f(b). It provides that the cost of the required criminal background checks under Title 22, sections 8302-A and 8302-B be paid for by the Department of Health and Human Services from the federal Child Care and Development Block Grant Act of 1990, as amended by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, 110 Stat. 2105. It grants the Department of Health and Human Services the authority to request state and national criminal history information, including fingerprint-based criminal history information, for certain child care providers and staff members. It establishes a temporary waiver process when the background check requirement presents a hardship for the child care provider. The rules adopted by the department must minimize the impact of the temporary waiver on the safety of the children receiving child care services. This amendment adds an appropriations and allocations section.

This amendment was not adopted.

This amendment, which is the majority report of the committee, provides that an individual who is not supervised by a child care staff member of a family child care provider or child care facility who has passed the required criminal background check under the Maine Revised Statutes, Title 22, sections 8302-A and 8302-B and who has access to children who are cared for or supervised by a child care facility or family child care provider is required to pass a criminal background check pursuant to 42 United States Code, Section 9858f(b). It also provides that a person who provides day care in that person's home for one or two children whose care is paid for by state or federal funds is required to pass a criminal background check pursuant to 42 United States Code, Section 9858f(b). It provides that the cost of the required criminal background checks under Title 22, sections 8302-A and 8302-B be paid for by the Department of Health and Human Services from the federal Child Care and Development Block Grant Act of 1990, as amended by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, 110 Stat. 2105. It grants the Department of Health and Human Services the authority to request state and national criminal history information, including fingerprint-based criminal history information, for certain child care providers and staff members. This amendment adds an appropriations and allocations section.

This amendment adds an appropriations and allocations section.

This amendment was not adopted.

This bill was reported out of committee and then recommitted to the committee; it was then carried over to any special or regular session of the 128th Legislature by joint order, H.P. 1138.
