## Joint Standing Committee on Health and Human Services

Public Law 2017, chapter 457 requires child care providers and child care staff members to undergo a criminal background check that meets the requirements of 42 United States Code, Section 9858f(b). It excludes a contractor performing maintenance and repair at a child care facility or at the home of a child care provider who does not have unsupervised access to children from the definition of "child care staff member" and the criminal background check requirement. It requires that the cost of the required criminal background checks for child care staff members be paid for by the Department of Health and Human Services from the funds available under the federal Child Care and Development Block Grant Act of 1990, as amended by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, 110 Stat. 2105. It grants the Department of Health and Human Services the authority to request state and national criminal history records, including fingerprint-based criminal history records, for certain child care providers and staff members.
