### LD 479 An Act To Inform Patients of the Dangers of Addicting Opioids

**PUBLIC 186** 

Sponsor(s)	Committee Report	Amendments Adopted
SANDERSON D	OTP-AM	Н-246
BRAKEY E	ONTP	

This bill requires that a health care provider who is a prescriber of opioid medication must, before prescribing an opioid medication, inform the patient of the risks of using the opioid medication, including but not limited to the risk of forming an addiction to the opioid medication, and receive from the patient a written certification that the patient has been provided that information.

#### Committee Amendment "A" (H-246)

This amendment, which is the majority report of the committee, replaces the bill. Rather than requiring a prescriber of opioid medication to inform a patient of the risks of addiction, it requires health care entities that include prescribers of opioid medications to develop an opioid medication prescribing policy that includes risk assessment, informed consent and counseling on the risk of opioid use. The policy must be developed by January 1, 2018.

#### **Enacted Law Summary**

Public Law 2017, chapter 186 requires health care entities that include prescribers of opioid medications to develop an opioid medication prescribing policy that includes risk assessment, informed consent and counseling on the risk of opioid use. The policy must be developed by January 1, 2018.
