STATE OF MAINE

128TH LEGISLATURE
FIRST REGULAR SESSION

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 128th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

CARRIED OVER..... carried over to a subsequent session of the Legislature
CON RES XXX..... chapter # of constitutional resolution passed by both houses
CONF CMTE UNABLE TO AGREE..... Committee of Conference unable to agree; legislation died
DIED BETWEEN HOUSES..... House & Senate disagreed; legislation died
DIED IN CONCURRENCE..... defeated in each house, but on different motions; legislation died
DIED ON ADJOURNMENT..... action incomplete when session ended; legislation died
EMERGENCY..... enacted law takes effect sooner than 90 days after session adjournment
FAILED, EMERGENCY ENACTMENT or FINAL PASSAGE..... emergency failed to receive required 2/3 vote
FAILED, ENACTMENT or FINAL PASSAGE..... failed to receive final majority vote
FAILED, MANDATE ENACTMENT..... legislation proposing local mandate failed required 2/3 vote
HELD BY GOVERNOR..... Governor has not signed; final disposition to be determined at subsequent session
LEAVE TO WITHDRAW..... sponsor's request to withdraw legislation granted
NOT PROPERLY BEFORE THE BODY..... ruled out of order by the presiding officer; legislation died
INDEF PP..... indefinitely postponed; legislation died
ONTP, ACCEPTED, MAJORITY, MINORITY or REPORT X... ought-not-to-pass report accepted; legislation died
P&S XXX..... chapter # of enacted private & special law
PUBLIC XXX..... chapter # of enacted public law
RESOLVE XXX..... chapter # of finally passed resolve
VETO SUSTAINED..... Legislature failed to override Governor's veto

The effective date for non-emergency legislation enacted in the First Regular Session of the 128th Legislature is Wednesday, November 1, 2017. The effective date for legislation enacted as an emergency measure may be found in the enacted law summary for that legislation.

Joint Standing Committee on Energy, Utilities and Technology

LD 529

An Act To Ensure Resiliency of the Maine Electrical Grid

Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
RYKERSON D MIRAMANT D	OTP-AM ONTP	H-45

This bill gives the Public Utilities Commission the authority to require transmission and distribution utilities to take necessary actions to ensure that their systems are protected from or able to negate effects of geomagnetic disturbances and electromagnetic pulses. This bill provides that any costs incurred by a transmission and distribution utility as a result of a directive by the commission are just and reasonable for rate-making purposes; however, the costs of a failure of a transmission and distribution system resulting from geomagnetic disturbances or electromagnetic pulses are the responsibility of the transmission and distribution utility.

The bill also directs the Public Utilities Commission, by July 1, 2018, to direct transmission and distribution utilities to undertake mitigation measures, including but not limited to the installation of additional geomagnetically induced current monitoring sites, neutral current blocking devices and supervisory control and data acquisition system protectors and the holding of sufficient spare transformers on site to more quickly replace damaged transformers. Identified measures were included in the Public Utilities Commission report dated January 20, 2014, entitled, "Report to the Legislature Pursuant to Resolves 2013, Chapter 45, Regarding Geomagnetic Disturbances (GMD) and Electromagnetic Pulse (EMP)."

Committee Amendment "A" (H-45)

This amendment is the majority report of the committee and it strikes and replaces the bill. It requires an investor-owned transmission and distribution utility to report to the Public Utilities Commission annually on its activities regarding protection from geomagnetic disturbances and electromagnetic pulse. It also requires an investor-owned transmission and distribution utility to include in its report neutral direct current monitoring information from autotransformers where monitoring equipment is installed, collected by the investor-owned transmission and distribution utility. This amendment requires that the commission compile the information it receives and submit it as part of its annual report to the joint standing committee of the Legislature having jurisdiction over utilities and energy matters.

LD 532

An Act To Remove the 100-megawatt Limit on Hydroelectric Generators under the Renewable Resources Laws

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
O'CONNOR B		

This bill removes the 100-megawatt maximum capacity limit for a hydroelectric generator that meets all state and federal fish passage requirements applicable to generators to qualify as a renewable capacity resource and for a hydroelectric generator to qualify as a renewable resource for the purpose of meeting the State's renewable resource portfolio requirement.

This bill was carried over to any special or regular session of the 128th Legislature by joint order, H.P. 1138.
