Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
RILEY C	OTP-AM OTP-AM	H-117

This bill prohibits an employer from requesting a social security number from a prospective employee on an employment application or during the application process for employment. This bill does not apply to the intake of information for substance abuse testing or a preemployment background check or after the employee is hired as required for tax withholding and other necessary purposes.

Committee Amendment "A" (H-116)

This amendment is the majority report of the committee. It replaces the bill with language to clarify the intent to prohibit the request of a social security number from a prospective employee by an employer on an employment application or during the application process. An employer may still request a social security number from a prospective employee for purposes of a substance abuse test or preemployment background check. The amendment further clarifies that an employer is not prohibited from asking for a social security number from an individual for any reason after the individual has been hired.

This amendment was not adopted.

Committee Amendment "B" (H-117)

This amendment is the minority report of the committee. It replaces the bill with language to clarify that the existing law that prohibits a person, corporation or other entity from denying goods or services to a person who refuses to provide a social security number also applies to the denial of benefits, including, but not limited to, employment.

1. Retains the requirement in the bill that crematories label the container containing cremated remains with the name of the deceased person;
2. Retains the requirement in the bill that crematories prepare a certificate of cremation in order to identify the remains that were cremated but allows crematories to rely on the funeral director or authorized person's identification of the remains prior to cremation; and
3.
