Joint Standing Committee on Insurance and Financial Services

Committee Amendment "A" (S-187)

This amendment is the majority report of the committee and does the following.

1. It removes the provision in the bill requiring insurers to provide professional liability insurance coverage for health care services provided through telehealth services in the same manner as the coverage is provided for face-to-face contact between a health care practitioner and a patient.
2. It clarifies that carriers may only apply prior approval and credentialing requirements for providers for services provided through telehealth services if the requirements are the same as are applied for services provided in person.
3. It removes the provision requiring carriers to notify enrollees and prospective enrollees about coverage for telehealth services because carriers are already required to provide enrollees and prospective enrollees information about benefits and coverage.
4. It makes the bill's provisions apply to health insurance policies issued or renewed on or after January 1, 2019.
