This resolve directs the Commissioner of Health and Human Services to convene a task force to study the epidemic of childhood obesity in Maine.

LD 1112 **An Act Regarding the Maternal and Infant Death Review Panel** **PUBLIC 203**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
KEIM L	OTP-AM	S-189

This bill gives the maternal and infant death review panel the power to request the Commissioner of Health and Human Services to issue subpoenas to require disclosure of records and information. This is the same authority allowed the child death and serious injury review panel. It requires the panel to meet twice per year and to study the causes of the increase in infant mortality in the State within the past ten years. The bill requires the panel to report its findings by February 7, 2018, to the Department of Health and Human Services and the Joint Standing Committee on Health and Human Services in the Second Regular Session of the 128th Legislature.

Committee Amendment "A" (S-189)

This amendment replaces the bill. It changes the maternal and infant death review panel to the maternal, fetal and infant mortality review panel. It provides that "director" in the laws governing the review panel refers to the medical director of the Maine Center for Disease Control and Prevention because of the recent reorganization of personnel within the center. It allows the panel coordinator of the review panel to obtain, without the individual's or family's consent, the health information of a woman who died during pregnancy or within 42 days of giving birth, a child who died within one year of birth or a mother of a child who died within one year of birth, including fetal deaths after 28 weeks of gestation. It provides that the review panel is required to meet at least twice per year.

Enacted Law Summary
