VOLK A VACHON K	ONTP

LD 1126 An Act Relating to the Use and Leasing of Public Reserved Lands

**PUBLIC 262
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BLACK R DAVIS P	OTP-AM	H-417

This bill provides that the Director of the Bureau of Parks and Lands within the Department of Agriculture, Conservation and Forestry may lease observation stands and shelters and convey trail easements on public lands for private use, in addition to campsites, garages and other structures that currently may be leased. It provides that the director must lease up to one observation stand or shelter and convey up to a mile of trail easement for each lodging room at a commercial sporting camp. It specifies that the site location and trail easement must be as requested by the commercial sporting camp owner unless the director determines the location is inconsistent with other uses of the public reserved land or with applicable laws or rules. It provides for a minimum annual commercial sporting camp observation stand or shelter lease fee of \$100.

Committee Amendment "A" (H-417)

This amendment replaces the bill and changes the title to reflect the content of the amendment.

This amendment requires the Bureau of Parks and Lands to amend its rules expressly to permit bear baiting at sites that are not accessible by road but are accessible by water. It also requires the bureau to issue a permit to place bear bait at a site not accessible by road but accessible by water to any licensed Maine guide who applies in 2017 for such a permit if the applicant held such a permit for that site in 2016 and has not become ineligible for such a permit, unless the bureau finds there is a valid land management reason placement of bait at the site is no longer feasible and the bureau provides the applicant a written explanation of that reason. If the permit is denied for a valid land management reason, the bureau must work with the applicant to seek to find a suitable alternative site that meets the needs of the applicant.

This amendment directs the Director of the Bureau of Parks and Lands within the Department of Agriculture, Conservation and Forestry to issue a revised lease of land in Township 16, Range 6 current as of the effective date of this Act from the State to Eagle Lake Sporting Camps, that changes its term from 15 years to 30 years, notwithstanding the limitation in current law for such leases to be no longer than 15 years. The amendment also provides for successive renewals for terms of 30 years each as long as the land continues to be used for a year-round sporting camp or Class A restaurant and lodge open to the public, as specified in the lease agreement, and the lessee complies with all other terms and conditions of the lease and all other applicable laws and rules of the State. The lessee may request such a 30-year renewal during the 10 calendar years prior to the end of the term of any then-existing lease. A renewal commences at the end of the term of the then-existing lease. The director is also authorized to allow, on reasonable terms and conditions, a transfer of the leasehold interests to another entity if the
