ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DION M TALBOT ROSS R	ONTP	

This bill was carried over from the First Regular Session to the Second Regular Session of the 128th Legislature.

This bill requires communications service providers to provide a 70% price reduction on all broadband services provided to a low-income person who is deaf.

LD 1224

An Act To Allow for Greater Energy Competition in Maine by Amending the Law Governing Electric Generation or Generation-related Assets by Affiliates

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DION M O'CONNOR B	ONTP	

This bill was carried over from the First Regular Session to the Second Regular Session of the 128th Legislature.

This bill would allow an investor-owned transmission and distribution utility to have a generation affiliate that owns, has a financial interest in or otherwise controls generation or generation-related assets. It requires that the Public Utilities Commission adopt major substantive rules to establish terms, conditions and standards of conduct that govern the relationship between the utility and the generation affiliate in order to ensure the separation and independence of the generation affiliate. Specifically, it requires that standards of conduct adopted by commission rule ensure at a minimum that a generation affiliate is not given preference over nonaffiliated competitive generators; costs of the generation affiliate are not recovered from ratepayers; employees of an investor-owned transmission and distribution utility are physically separate from and not shared with those of a generation affiliate; and the accounts and records of an investor-owned transmission and distribution utility and a generation affiliate are separate.

This bill defines "generation affiliate" as an affiliated interest that owns, has a financial interest in or controls generation or generation-related assets.

This bill defines "financial interest" as any voting or nonvoting equity interest, partnership interest, whether limited or general, trust interest or joint venture in an entity and specifies that a financial interest is not created between an investor-owned transmission and distribution utility and a generation affiliate solely by virtue of their relationship with a common parent company.

This bill establishes penalties for violations of rules adopted pursuant to this bill, and provides that the commission may require an investor-owned transmission and distribution utility to divest from its generation affiliate as a result of any violations of the rules.

It requires rules be provisionally adopted within 180 days of the effective date of the Act.
