HYMANSON P	OTP-AM	H-206

This bill specifies that nothing in the chapters of law governing the licensure of osteopathic and allopathic physicians may be construed to require a maintenance of certification as a condition of licensure, reimbursement, employment or admitting privileges at a hospital in Maine. The bill defines "maintenance of certification" as a process, subsequent to initial board certification, that requires periodic recertification examinations to maintain specialty medical board certification.

Committee Amendment "A" (H-206)

This amendment prohibits the Board of Osteopathic Licensure and the Board of Licensure in Medicine from requiring a physician to obtain osteopathic continuous certification or maintenance of certification from a specialty medical board as a condition of initial licensure or license renewal. This amendment removes the provisions of the bill related to physician reimbursement, physician employment and hospital admitting privileges.
