LD 1189 An Act To Define the Age of Consent for Alcohol or Drug Treatment and Mental Health Services

Accepted Majority (ONTP) Report

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
POULIOT M HILL D	ONTP OTP-AM	

This bill was carried over from the First Regular Session of the 128th Legislature to the Second Regular Session.

This bill provides that a minor who is 14 years of age or older may consent to treatment for abuse of alcohol or drugs or for emotional or psychological problems and does not need the consent of a parent or guardian for such treatment. It also provides that if the parent or guardian consents to such treatment of a minor 14 years of age or older, the minor may not abrogate that consent and that if a minor 14 years of age or older consents to such treatment, a parent or guardian may not abrogate that consent.

Committee Amendment "A" (H-662)

This amendment is the minority report of the committee. It changes from 14 years of age to 12 years of age the age of a minor who may consent to treatment for abuse of alcohol or drugs or for emotional or psychological problems. It removes the provision that prevents a minor from abrogating the consent of the minor's parent or guardian. The bill provides that a parent or guardian may not abrogate the consent to treatment provided by a minor 14 years of age or older; the amendment changes that age to 12 years of age or older.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LIBBY N	ONTP	

This bill was carried over from the First Regular Session of the 128th Legislature to the Second Regular Session.

This bill provides that rules adopted by the Department of Health and Human Services for the administration of the program for in-home and community support services for the elderly may not require a person receiving services under a state-funded program to make a monthly payment toward the administrative cost of coordination services if an in-home care service was not provided in that month.

LD 1301 An Act To Improve Access to Preventive, Cost-saving Dental Services

**Died On
Adjournment**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MARTIN J KATZ R	OTP-AM ONTP	H-248

This bill was reported out of committee in the First Regular Session and then carried over to the Second Regular Session on the Special Appropriations Table. This bill was again carried over, still on the Special Appropriations Table, from the Second Regular Session to the next special session by joint order S.P. 748.

This bill requires that, beginning October 1, 2017, MaineCare coverage for adult dental services include an annual comprehensive oral examination and preventive services, including prophylaxis, topical fluoride, sealants, oral hygiene instruction, behavior management and smoking cessation counseling.

Committee Amendment "A" (H-248)

This amendment is the majority report of the committee. It makes consistent the dates by which the Department of Health and Human Services is to notify providers of the scope of dental benefits covered by the MaineCare program. It moves the directive to the department to adopt rules relating to coverage of adult preventive dental services and the designation of those rules as routine technical rules to allocated language. This amendment also provides funding for increased MaineCare coverage required by the bill.

LD 1314 Resolve, To Improve Access to Neurobehavioral Services

**Died On
Adjournment**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MALABY R	OTP-AM	H-202

This resolve was reported out of committee in the First Regular Session of the 128th Legislature and then carried over to the Second Regular Session on the Special Appropriations Table. This resolve was again carried over, still on the Special Appropriations Table, from the Second Regular Session to the next special session by joint order S.P. 748.

This resolve requires the Department of Health and Human Services to provide by September 1, 2018, 16 new neurobehavioral beds in one or more neurobehavioral centers to serve individuals with significant behavioral challenges and complex medical needs who need short-term evaluation and treatment before transitioning to a long-term care environment either in the community or a long-term care facility.

Committee Amendment "A" (H-202)

This amendment delays the date by which neurobehavioral beds must be provided from September 1, 2018, to July 1, 2019. It requires the Department of Health and Human Services to provide beds in two or more different centers rather than one or more centers as in the resolve. It restricts the population served to individuals with neurobehavioral issues or dementia and accompanying behavioral issues and removes individuals with brain injury, intellectual disabilities or autism.
