STATE OF MAINE

128TH LEGISLATURE
FIRST REGULAR SESSION

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 128th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

LD 1515

An Act To Reduce Electric Rates for Maine Businesses by Amending the Laws Governing Spending from the Regional Greenhouse Gas Initiative Trust Fund

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
WADSWORTH N		

This bill establishes a ceiling on energy efficiency spending from the Regional Greenhouse Gas Initiative Trust Fund; provides for transfers from the trust fund to Maine-based energy-intensive businesses, in addition to transfers to affected customers; requires that funds over a certain amount be distributed to ratepayers; and authorizes the Public Utilities Commission to adopt implementing rules. This bill also authorizes the Efficiency Maine Trust, during fiscal years 2017-18 and 2018-19, to deviate from the allocation requirements set forth in the statutes and instead allocate those funds to the programs that the trust determines.

This bill was carried over to any special or regular session of the 128th Legislature by joint order, H.P. 1138.

LD 1516

An Act To Encourage Broadband Development through Private Investment

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
WADSWORTH N	ONTP	

This bill creates requirements that a municipality must meet in order to provide broadband service to its residents. It requires the completion of a feasibility study and requires the municipality to hold a referendum to decide whether the municipality may offer broadband service. It includes general operation limitations, including those related to the establishment of rates, the use of subsidization and the use of eminent domain. It requires the adoption of ordinances relating to service quality and enforcement by a municipality that elects to provide broadband service. It also removes antitrust liability protections from a municipality as those protections relate to the municipality's offering broadband service.

The bill also requires that in order to receive any grants from the ConnectME Authority, the municipality must show evidence of compliance with the requirements of the Maine Revised Statutes, Title 35-A, chapter 94.

LD 1547

An Act To Establish Primary Energy Goals for the State

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
WADSWORTH N WOODSOME D	ONTP	

This bill changes the State's energy goals to establish that the primary objectives of the State's energy policy are to reduce electric rates and costs and to reduce air pollution. It repeals state policies and goals related to energy generation from renewable resources and to wind energy development.
