STATE OF MAINE

128th Legislature First Regular Session

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This Legislative Digest of Bill Summaries and Enacted Laws contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 128th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

Joint Standing Committee on Agriculture, Conservation and Forestry

Enacted Law Summary

Public Law 2017, chapter 172 requires compliance testing of the net contents of packaged goods to meet the specifications set by the National Conference on Weights and Measures. This bill reinstates the authority of municipalities to appoint local sealers of weights and measures if they choose to do so, and clarifies that if a municipality chooses not to take advantage of the option to appoint or elect a sealer, or fails to provide notice to the state sealer of such an appointment or election, the state sealer retains jurisdiction and may appoint qualified persons to carry out the state sealer's responsibilities in those municipalities.

LD 1584

An Act To Expand the Local Foods Economy by Promoting Local Foods Procurement

CARRIED OVER

Sponsor(s)	<u>Committee Report</u>	Amendments Adopted
VITELLI E		
HICKMAN C		

This bill requires the Commissioner of Agriculture, Conservation and Forestry to establish a good local foods procurement program to encourage the purchase and sale of foods that are produced and harvested in this State and that are healthy, safe, wholesome, nutritious, affordable, accessible and sustainably produced.

The program, administered by the commissioner, must help farmers and fishermen in this State by increasing demand for and direct purchasing of their products by individuals and institutions with a goal of increasing the sale and purchase of good local foods by 20% no later than 2025 and supporting local economies, farms, fisheries, jobs, nutrition, environmental sustainability and animal welfare. The program also must improve access to good local foods.

The program must increase the purchase of good local foods by public and private institutions in this State, including, but not limited to, primary and secondary schools, colleges and universities, hospitals, jails, community centers serving senior citizens, child care centers, restaurants and grocery stores.

The program must provide education and outreach for the purpose of supporting farms, farmers' markets and community supported agriculture to further the goal of increasing the sale and purchase of good local foods.

The program must improve access to good local foods for recipients of food supplement program benefits. The commissioner must expand opportunities for farmers to sell good local foods to recipients of food supplement program benefits by promoting the use of electronic benefits transfer cards at farmers' markets and, in partnership with a statewide federation of farmers' markets, encouraging participation in community supported agriculture by recipients of food supplement program benefits. The commissioner must assist farmers' markets in accepting payments through the electronic benefits transfer system by helping them secure scanners and equipment, including equipment that does not require the use of electricity for locations that do not have access to electricity, for processing payments through the electronic benefits transfer system. The commissioner, in partnership with the Commissioner of Health and Human Services, must educate recipients of food supplement program benefits of the opportunity to use the benefits at farmers' markets and the advantages of such use.

This bill was carried over to any special or regular session of the 128th Legislature by joint order, H.P. 1138.
