of unemployment tax paid by those employers. Beginning January 1, 2019, an employer in category 19 is assessed an additional unemployment tax of 15% of that employer's taxable payroll and an employer in category 20 is assessed an additional unemployment tax of 20% of that employer's taxable payroll. Adding this shared cost assessment provides benefit costs beyond the normal experience rating process to the Unemployment Compensation Fund.

This amendment directs the Department of Labor to convene a working group to study tax fairness in the State's unemployment compensation system with a particular focus on employers with negative reserve balances and to submit a report to the joint standing committee of the Legislature having jurisdiction over labor matters by April 1, 2019. It allows the committee to report out a bill based on the recommendations of the working group to the First Regular Session of the 129th Legislature.
