DEVIN M MILLETT R	ONTP	

This bill requires the Department of Education to include the so-called Next Generation Science Standards for kindergarten to grade 12 in the State's system of learning results and assessment and directs the Commissioner of Education to amend Department of Education rules on or before December 31, 2019 in order to include the science standards as part of the State's system of learning results and assessment beginning with the 2021-2022 school year.

The Next Generation Science Standards were included in LD 283, Resolve, Regarding Legislative Review of Chapter 132: Learning Results: Parameters for Essential Instructions, a Major Substantive Rule of the Department of Education, which was finally passed as Resolve 2019, chapter 12.

LD 29 Resolve, To Implement the Recommendations of the Task Force To Address the Opioid Crisis in the State by Establishing a Work Group To Develop Educational Programming for Prevention of Substance Use and Substance Use Disorders among Youth and Adolescents ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCCREIGHT J GRATWICK G	ONTP	

This resolve is based on recommendations of the Task Force To Address the Opioid Crisis in the State, which submitted its report to the Legislature in December 2017. The resolve requires the Department of Education to establish a work group to evaluate existing substance use prevention programs targeting school-age children, investigate prevention programs that have proven effective in other areas of the United States or in other countries, identify funding resources and determine how prevention programs should be incorporated into education curricula. The work group must include representatives of educational, law enforcement and public health organizations. The department is required to submit a report of the findings of the work group no later than January 1, 2020 to the joint standing committee of the Legislature having jurisdiction over education matters.
