ONTP

This resolve is based on recommendations of the Task Force To Address the Opioid Crisis in the State, which submitted its report to the Legislature in December 2017. The resolve requires the Department of Education to establish a work group to evaluate existing substance use prevention programs targeting school-age children, investigate prevention programs that have proven effective in other areas of the United States or in other countries, identify funding resources and determine how prevention programs should be incorporated into education curricula. The work group must include representatives of educational, law enforcement and public health organizations. The department is required to submit a report of the findings of the work group no later than January 1, 2020 to the joint standing committee of the Legislature having jurisdiction over education matters.
