129TH LEGISLATURE
FIRST REGULAR SESSION

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 129th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

It also prohibits tobacco use on a school bus and at any school-sponsored event and removes the exception that permitted tobacco use in classrooms as part of a bona fide demonstration during a class lesson.

LD 153 An Act To Strengthen Testing for Lead in School Drinking Water

PUBLIC 158

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MILLETT R MADIGAN C	OTP-AM OTP-AM	S-84

This bill requires all schools to test water used for drinking or culinary purposes for lead using water testing kits or by submitting samples of water to an approved laboratory for lead testing. It directs the Department of Health and Human Services to establish by major substantive rule water lead levels, testing protocols, appropriate abatement and mitigation methods and public notification requirements. It directs the department to provisionally adopt major substantive rules and submit them to the Legislature no later than 5:00 p.m. on January 10, 2020. It provides that the department has the authority to issue an order reducing exposure to lead until the elevated water lead levels are abated or mitigated. It provides that water lead abatement or mitigation efforts will receive Priority 1 status for receipt of funds from the School Revolving Renovation Fund in the custody of the Maine Municipal Bond Bank.

Committee Amendment "A" (S-84)

This amendment, which is the majority report of the committee, amends the bill to provide that the State is not establishing a mandate on school administrative units. It provides that a school must test water used for drinking or culinary purposes for lead to the extent the Department of Health and Human Services provides the necessary resources to the school so that the school is not required to expand or modify its activities so as to necessitate additional expenditures from local revenue. It directs the department to adopt rules regarding testing and guidance to reduce exposure to lead but provides that the department may not require a school to expand or modify its activities so as to necessitate additional expenditures from local revenue in implementing the rules. It further provides that the department may provide resources to schools within its existing resources or identify alternative means to achieve the purposes of the legislation. It requires the Department of Health and Human Services to report annually beginning January 1, 2021 on lead testing in schools.

Committee Amendment "B" (S-85)

This amendment, which is the minority report of the committee, replaces the bill. It provides that school boards may adopt a policy governing testing for lead in school drinking water and abating or mitigating lead in school drinking water. It provides that water lead abatement or mitigation efforts receive Priority 1 status for receipt of funds from the School Revolving Renovation Fund in the custody of the Maine Municipal Bond Bank.

This amendment was not adopted.

Enacted Law Summary

Public Law 2019, chapter 158 provides that a school must test water used for drinking or culinary purposes for lead to the extent the Department of Health and Human Services provides the necessary resources to the school so that the school is not required to expand or modify its activities so as to necessitate additional expenditures from local revenue. It directs the department to adopt rules regarding testing and guidance to reduce exposure to lead but provides that the department may not require a school to expand or modify its activities so as to necessitate additional expenditures from local revenue in implementing the rules. It further provides that the department may provide resources to schools within its existing resources or identify alternative means to achieve the purposes of the legislation and provides that water lead abatement or mitigation efforts will receive Priority 1 status for receipt of funds from the School Revolving Renovation Fund in the custody of the Maine Municipal Bond Bank. requires the Department of Health and Human Services to report annually beginning January 1, 2021 on lead testing in schools.

LD 154 An Act To Amend the Law Governing MaineCare Coverage of Chiropractic Treatment CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LIBBY N MARTIN J	OTP-AM ONTP	S-37

This bill requires all chiropractic services that are within the scope of practice of chiropractic doctors and performed by a licensed chiropractic doctor to be reimbursed under the MaineCare program. Under current law, the Department of Health and Human Services is required to reimburse for only chiropractic evaluation and management examinations. The bill also corrects a numbering problem created by Public Law 2017, chapters 421 and 454, which enacted two substantively different provisions with the same section number.

Committee Amendment "A" (S-37)

This amendment, which is the majority report of the committee, requires the Department of Health and Human Services to apply for a state plan amendment to allow for Medicaid reimbursement for all chiropractic services within the scope of practice of chiropractic doctors no later than January 1, 2020. If the state plan amendment is not approved by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services, chiropractic doctors will not be reimbursed by MaineCare for any additional chiropractic services not currently eligible for reimbursement. The amendment also adds an appropriations and allocations section.

This bill was reported out of committee and then carried over to any special or regular session, or both, of the 129th Legislature on the Special Appropriations Table by joint order, H.P. 1322.

LD 177 Resolve, To Improve Access to Bariatric Care CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PERRY A GRATWICK G	OTP-AM	H-472

This resolve requires the Department of Health and Human Services to provide 16 new specialized bariatric care beds in one or more nursing facilities to serve individuals with a body mass index greater than 40.

Committee Amendment "A" (H-472)

This amendment replaces the resolve. It requires the Department of Health and Human Services to develop a plan to provide up to 16 new specialized bariatric care nursing facility beds by September 1, 2020. The amendment also adds an emergency preamble and emergency clause.

This resolve was reported out of committee and then carried over to any special or regular session, or both, of the 129th Legislature on the Special Appropriations Table by joint order, H.P. 1322.
