Committee Amendment "A" (H-243)

This amendment expands the scope of the bill to apply to animal-drawn vehicles instead of just horse-drawn carriages. The amendment requires a light to be attached to the left side of the vehicle that displays a red light to the rear and white light to the front; specifies the placement and type of reflective tape required on all sides of the vehicle; and removes the requirement for a reflective triangle to be placed on the rear of the vehicle.
