## *Joint Standing Committee on Health and Human Services*

qualified comprehensive community health coalitions, can be funded equitably;

2. Ensuring that basic and essential public health services be delivered in each public health district and tribal health district;
3. Identifying emerging nonclinical public health workers, including community health workers, community paramedics, recovery coaches and resiliency coaches, who can strengthen the efficiency and effectiveness of public health service delivery;
4. Facilitating, when possible, the integration and collaboration of public and private public health professionals with public safety professionals and emergency preparedness professionals; and
5. Enabling the operation of public health professionals, public safety professionals and emergency preparedness professionals as a cohesive and coordinated public health team to improve the visibility and understanding of public health among Maine children and adults.

This bill was carried over to any special or regular session, or both, of the 129th Legislature by joint order, H.P. 1322.

**LD 230      An Act To Improve Access to Preventive, Cost-saving Dental Services      ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MARTIN J JACKSON T	ONTP	

This bill is a concept draft pursuant to Joint Rule 208. This bill proposes to establish a managed care dental services program within the MaineCare program. It also proposes to provide coverage under the MaineCare program for adult preventive dental services and comprehensive dental services.

**LD 231      An Act To Improve Public Health by Maximizing Federal Funding Opportunities      CARRIED OVER**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PERRY A CARSON B		

This bill is a concept draft pursuant to Joint Rule 208. This bill proposes to increase federal funding to improve the State's public health outcomes and workforce by designating the Maine Public Health Institute within the University of Southern Maine's Edmund S. Muskie School of Public Service as an agent of the Department of Health and Human Services for the purpose of applying for federal funds to support public health research and programming. To provide guidance to the Maine Public Health Institute in carrying out this duty, this bill would establish an advisory board composed of officials from the department, including the Director of the Maine Center for Disease Control and Prevention, and representatives of statewide public health organizations and care providers. The bill would require that the Maine Public Health Institute report every two years to the department and the joint standing committee of the Legislature having jurisdiction over health and human services matters.
