LD 511 **An Act To Create a Position within the Department of Health and
Human Services To Coordinate Dementia Programs and Services**

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CRAVEN M SANBORN L	OTP-AM	H-159

This bill was carried over from the First Regular Session of the 129th Legislature on the Special Appropriations Table by joint order, H.P. 1322.

This bill establishes a position within the Department of Health and Human Services, Office of Aging and Disability Services for coordinating programs and services to Maine's population with Alzheimer's disease and other dementias across departments and branches of State Government. The coordinator is required to implement recommendations developed by the United States Department of Health and Human Services, Centers for Disease Control and Prevention and national organizations such as the Alzheimer's Association and plans developed by the Department of Health and Human Services relating to Alzheimer's disease and other dementias. The department is required to submit an annual report to the joint standing committee of the Legislature having jurisdiction over health and human services matters outlining the activities and progress of the coordinator and the department. The bill includes funding for the coordinator position.

Committee Amendment "A" (H-159)

This amendment replaces references to "Alzheimer's disease and other dementias" from the bill and uses the term "dementia" instead. It also clarifies that the coordinator oversees the implementation of any state or federal plans related to dementia and that programs and services are for both individuals with dementia and their families.

This bill was again carried over, still on the Special Appropriations Table, to any special session of the 129th Legislature by joint order, S.P. 788.
