sports wagering to effectively conduct sports wagering on behalf of operators. A person employed by a facility sports wagering licensee to be engaged directly in sports wagering-related activities must be licensed by the Gambling Control Unit.

Operators may accept wagers on professional, collegiate and amateur sports events, including international events, as well as on the individual performances of athletes, on motor vehicle races and on electronic sports. Sports wagers are prohibited on high school events, other events where a majority of participants are less than 18 years of age and events involving Maine-based colleges and universities. Operators may not accept sports wagers from individuals under 21 years of age; participants in the sports event, including athletes and officials; persons with an interest in the outcome of the sports event identified by the director by rule; the operator's own directors or employees or persons living in their households; persons voluntarily or involuntarily placed on a list maintained by the Gambling Control Unit within the Department of Public Safety of persons not authorized to make sports wagers; third persons making wagers on behalf of another person; and Gambling Control Unit employees. Mobile sports wagering licensees are also prohibited from accepting sports wagers from persons who are not physically located within the State.

A facility sports wagering licensee must remit 10% of the licensee's adjusted gross sports wagering receipts to the State and a mobile sports wagering licensee must remit 16% of the licensee's adjusted gross sports wagering receipts to the State. One percent of adjusted gross sports wagering receipts must be deposited in the General Fund for the administrative expenses of the Gambling Control Unit within the Department of Public Safety and 1% of the adjusted gross sports wagering receipts must be deposited in the Gambling Addiction Prevention and Treatment Fund established by the Maine Revised Statutes, Title 5, section 20006-B. The remaining adjusted gross sports wagering receipts remitted to the State must be deposited in the General Fund.

The amendment also allows a licensed fantasy contest operator to offer a fantasy contest based on the performances of participants in collegiate athletic events and adds an appropriations and allocations section.

### **Committee Amendment "B" (S-319)**

This amendment, which is one of two minority reports of the committee, strikes and replaces the bill, which is a concept draft. This amendment authorizes the Department of Public Safety, Gambling Control Unit to regulate sports wagering in the State through a regulatory framework identical to the framework set forth in the majority report, except that only licensed commercial tracks, licensed off-track betting facilities, licensed casinos and federally recognized Indian tribes are eligible to obtain mobile sports wagering licenses, not qualified gaming entities that offer sports wagering through mobile applications or digital platforms in any jurisdiction in the United States pursuant to a state regulatory structure.

This amendment was not adopted.

This bill permits the Department of Public Safety, Gambling Control Board, beginning January 1, 2020, to issue a license to a charitable nonprofit organization that is a veterans' organization that is tax-exempt under the United States Internal Revenue Code of 1986 to operate up to three slot machines on premises that have been owned, rented or leased by the organization for at least two consecutive years, that serve as its primary administrative operations headquarters and that are located in a municipality that has, by referendum of the voters, approved the operation of slot machines in that municipality. The charitable nonprofit veterans' organization must be able to demonstrate that it has a cash reserve of \$1,000 for each machine the organization intends to operate.

A charitable nonprofit veterans' organization that wishes to apply prior to January 1, 2020 may file a declaration of intent to apply with the Gambling Control Board. An application must include a refundable \$2,500 deposit. The initial application fee for a slot machine operator license is \$500, and the annual renewal fee is \$175.

A slot machine operated by a charitable nonprofit veterans' organization is subject to the same central site monitoring that applies to casinos and slot machine facilities at harness racing tracks. The total number of slot machines allowed to be operated by charitable nonprofit veterans' organizations statewide between January 1, 2020 and December 31, 2020 is 80; beginning January 1, 2021 the number increases to 150.

The bill provides that 10% of the net slot machine income from a charitable nonprofit veterans' organization is required to be deposited directly with the Gambling Control Board for administrative expenses; 8% goes directly to the General Fund; 10% goes to the host municipality; and 2% is dedicated to gambling addiction prevention and treatment. A charitable nonprofit veterans' organization that is licensed to operate slot machines is required to establish a separate account, from which the board may withdraw funds to distribute the net revenue percentages. The remaining revenue generated from the slot machines must be used to support the charitable purposes of the veterans' organization.

This bill was carried over to any special or regular session, or both, of the 129th Legislature by joint order, H.P. 1322.
