This bill requires a public employer, if the public employer determines or suspects there has been a breach of confidentiality or theft of an employee's personal information due to cyber activity or other means, to notify the employee within 24 hours of being notified of or discovering the breach or theft and to provide the employee financial counseling.

**Committee Amendment "A" (S-77)**

This amendment strikes out the title and everything after the enacting clause. It amends the existing Notice of Risk to Personal Data Act in Maine Revised Statutes, Title 10, chapter 210-B to add municipalities and school administrative units to the entities obligated under the Act to provide notice in the event of a data breach. It clarifies that the notice must be given no later than 30 days after the information broker or person maintaining computerized data that includes personal information becomes aware of a security breach. It exempts municipalities and school administrative units from the civil violations provision of the Notice of Risk to Personal Data Act.

**Senate Amendment "A" To Committee Amendment "A" (S-364)**

This floor amendment clarifies that the 30-day notification requirement applies only if there is not a delay due to a law enforcement investigation.

**Enacted Law Summary**

Public Law 2019, chapter 512 requires municipalities and school administrative units provide notice in the event of a breach of data security. Notice must be provided no later than 30 days after the information broker or person maintaining the computerized data becomes aware of the breach of security and identifies its scope. Municipalities and school administrative units are one of several entities exempt from the civil penalties applicable for failure to comply with the statute.
