LD 743 An Act To Create Local Options in E-9-1-1 Protocol Mandates ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BLUME L	ONTP	

This bill is a concept draft pursuant to Joint Rule 208. This bill proposes to enact certain measures designed to allow for increased flexibility in emergency dispatch protocols. Currently, structured, standardized call-taking processes are implemented to assess a caller's condition, scene information and the appropriate response to dispatch to the emergency. This bill would examine: whether protocol-based call-taking processes result, in certain instances, in delays in emergency response and the need for additional staffing; the extent to which the use of protocols improves or impedes the delivery of emergency services; any outstanding issues associated with appropriate and effective training in the use of emergency dispatch protocols; and the costs associated with the implementation of standardized police dispatch protocols that are borne by municipalities.
