TALBOT ROSS R JACKSON T		

This bill amends the law concerning a post-judgment motion by a person seeking to satisfy the prerequisites for obtaining special restrictions on the dissemination and use of criminal history record information for certain criminal convictions as follows.

1. Current law makes convictions of only certain Class E crimes eligible for special restrictions on dissemination and use of criminal history record information. This bill expands eligibility to include convictions of both certain Class E crimes and certain Class D crimes.
2. Current law allows eligibility for restrictions on dissemination and use of criminal history record information only for persons who at the time of the commission of the crime were 18 to 20 years of age. This bill expands eligibility to a person who at the time of the commission of the crime was 18 to 25 years of age.
3. This bill removes the provision repealing the current law October 1, 2019.

LD 793 An Act To Improve Accountability of Opioid Manufacturers

**HELD BY
GOVERNOR**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
JACKSON T MADIGAN C	OTP-AM ONTP	S-320 S-321 JACKSON T

This bill prohibits opioid medication manufacturers and distributors from falsely advertising that an opioid medication does not have abuse liability or has a lower abuse liability than another opioid medication; distributing a quantity of opioid medications that is not medically reasonable; or failing to report orders that are not medically reasonable. It establishes a civil violation and authorizes the Attorney General to investigate violations. It creates a fund into which the penalties and fees must be paid. This legislation applies retroactively to January 1, 1985.

Committee Amendment "A" (S-320)

This amendment is the majority report of the committee. This amendment replaces the bill.

The amendment raises the annual fee for a manufacturer of opioid medication to \$55,000. The amendment establishes a registration fee due from manufacturers of opioid medications of \$250,000 if the manufacturer sells, delivers or distributes 2,000,000 or more units of an opioid medication within this State, not including units that are prescribed for the purpose of medication-assisted treatment of substance use disorder. The fees are deposited into the Opioid Use Disorder Prevention and Treatment Fund, which is established to provide opioid use disorder prevention and treatment services and administered by the Department of Health and Human Services.

The amendment also requires manufacturers and wholesale distributors of opioid medications to provide to the State the same information as provided to the United States Drug Enforcement Administration under its Automation of Reports and Consolidated Orders System regarding controlled substances transactions in this State on the same schedule that information is provided to the Federal Government.

The amendment requires the Maine Board of Pharmacy to evaluate and report whether the fees have affected the prescribing practices for opioid medications by reducing the number of opioid medication prescriptions issued during calendar years 2020, 2021 and 2022 or whether the fees have created any unintended consequences in the availability of opioid medications for the treatment of chronic or intractable pain, to the extent the board has the ability to identify a correlation. The board shall provide the report to the joint standing committee of the Legislature having jurisdiction over health and human services matters, which may report out legislation based upon the report. The reports must be submitted annually by March 1st.

Senate Amendment "A" To Committee Amendment "A" (S-321)

This amendment exempts from the opioid medication fee a manufacturer of opioid medications exclusively for use in veterinary medicine.
