DILL J DUNPHY M	OTP-AM	S-34

This bill extends north to Milford Dam between Milford and Old Town on the Penobscot River, with the exception of the Stillwater Branch, the protections under the Maine Revised Statutes, Title 38, section 418-A currently provided to the lower Penobscot River. It requires the Department of Marine Resources, the Department of Inland Fisheries and Wildlife and the Department of Environmental Protection, in consultation with the Penobscot Indian Nation and interested federal agencies, to conduct a comprehensive assessment of fish passage barriers, water quality and habitat conditions affecting the full restoration of fisheries within the Penobscot River watershed and the feasibility and costs of mitigating problems and report to the Joint Standing Committee on Marine Resources, the Joint Standing Committee on Inland Fisheries and Wildlife and the Joint Standing Committee on Environment and Natural Resources. It authorizes the joint standing committees to report out legislation to the Second Regular Session of the 129th Legislature.

Committee Amendment "A" (S-34)

This amendment removes from the bill the directed comprehensive assessment of the Penobscot River Watershed by the Department of Marine Resources, the Department of Inland Fisheries and Wildlife and the Department of Environmental Protection.
