STATE OF MAINE

129TH LEGISLATURE
FIRST REGULAR SESSION

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 129th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

Joint Standing Committee on Agriculture, Conservation and Forestry

LD 889

An Act To Require the Labeling of Foods Made with Nanotechnology

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CHIPMAN B	ONTP	

This bill requires that a label be placed on any food or food product offered for sale in the State made with the use of nanotechnology. Nanotechnology is the branch of technology concerned with the control of matter with dimensions of less than 100 nanometers, especially the manipulation of individual atoms and molecules.

LD 908

An Act To Require Schools To Submit Pest Management Activity Logs and Inspection Results to the Board of Pesticides Control for the Purpose of Providing Information to the Public

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DAUGHTRY M MILLETT R	OTP-AM	H-302

This bill establishes in law certain requirements of the Department of Agriculture, Conservation and Forestry, Board of Pesticides Control related to pest management on school property. It requires a school to maintain a pest management activity log related to the application of pesticides. It requires this information to be provided annually to the board and requires the board to post the information on its publicly accessible website. It also requires that the board post on its publicly accessible website a list of all board inspections of a school's use of pesticides and the results of those inspections.

Committee Amendment "A" (H-302)

This amendment incorporates a fiscal note.

The fiscal note on the amendment, which is a fiscal note only amendment, identifies certain requirements in the bill as a potential state mandate. In order to be a mandate pursuant to the Constitution of Maine, a provision must require a local unit of government to expand or modify its activities so as to necessitate additional expenditures from local revenue. The committee finds the provisions identified as a potential mandate do not require a local unit of government to expand or modify its activities so as to necessitate additional expenditures from local revenue.

The requirement in the bill that a local school administrative unit submit a pest management activity log to the Department of Agriculture, Conservation and Forestry, Board of Pesticides Control by January 15th of each year for the previous calendar year does not require an expansion or modification of activities so as to necessitate additional expenditures from local revenue. Local school administrative units currently prepare pest management activity logs with the required data pursuant to rules established by the Board of Pesticides Control. The committee finds that the act of submitting a pest management activity log that is already required to be maintained does not necessitate additional expenditures from local revenue.

This bill was reported out of committee and then carried over to any special or regular session, or both, of the 129th Legislature on the Special Appropriations Table by joint order, H.P. 1322.
