**LD 949 An Act To Prevent Overdose Deaths**

**Accepted Majority  
(ONTP) Report**

SYLVESTER M	ONTP OTP-AM	

This bill directs the Department of Health and Human Services to certify two facilities in the State to provide safe and secure locations for people to self-administer previously obtained drugs. The bill requires the facilities to have health care personnel and other trained staff, to provide information concerning drug overdoses and diseases associated with drug use, to administer first aid or other medications in case of an overdose and to provide referrals to other services that clients of the facilities may need. The bill provides immunity from arrest or prosecution to clients and staff members acting in accordance with the provisions of the bill and creates a tolerance zone within a half mile of each facility. The facilities are directed to report certain demographic and other information to the department, which is directed to analyze the information and report to the joint standing committee of the Legislature having jurisdiction over health and human services matters. The department is also directed to review the effectiveness of the facilities to determine whether to open additional facilities.

**Committee Amendment "A" (H-571)**

This amendment, which is the minority report of the committee, replaces the bill. It makes the following changes to the bill.

1. It changes the term "safer drug use facility" to "overdose prevention site."
2. It establishes qualifications and requirements for an overdose prevention site.
3. It provides for a municipal referendum on the location of an overdose prevention site within that municipality.
4. It includes additional violations for which a person may not be arrested, prosecuted or subject to a revocation of probation.
5. It requires the State to defend in criminal or civil action or provide funding for private defense in the event that the Federal Government attempts to stop the operation of an overdose prevention site.
6. It changes the authority for the Department of Health and Human Services rulemaking from routine technical to major substantive.
7. It adds an appropriations and allocations section for funding for a contract with a third party for program evaluation and two positions within the Department of Health and Human Services, Division of Licensing and Regulatory Services.

This amendment was not adopted.
