Joint Standing Committee on Agriculture, Conservation and Forestry

This amendment provides that rules adopted by the Commissioner of Agriculture, Conservation and Forestry to establish requirements for the physical facilities and sanitary processes used by rabbit producers whose rabbit products are exempt from inspection are routine technical rules rather than major substantive rules as in the bill.

Enacted Law Summary

Public Law 2019, chapter 73 permits a rabbit producer to sell whole rabbit carcasses without inspection at the farm on which the rabbits were raised, at farmers' markets, by delivery to consumers' homes, to members of community supported agriculture farms with which the rabbit producer has a direct marketing relationship, to locally owned grocery stores and to locally owned restaurants as long as the rabbit producer slaughters fewer than 1,000 rabbits annually and the rabbit producer is registered.
