Joint Standing Committee on Health and Human Services

LD 935 An Act To Increase the Viability of Assisted Living Facilities by Increasing the Rate of Reimbursement

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PERRY A CLAXTONN	OTP-AM	H-198

This bill was carried over from the First Regular Session of the 129th Legislature on the Special Appropriations Table by joint order, H.P. 1322.

Under current law, the MaineCare payment rates attributable to wages and salaries for personal care and related services for adult family care services, adult day services and homemaker services must be increased by a cost-of-living adjustment until the Department of Health and Human Services has completed a rate study conducted by a third party, including participation of providers, for adult family care services, adult day services or homemaker services and the rates in the rate study have been implemented. This bill requires that the rates determined by the department pursuant to the rate study also must be increased by a cost-of-living adjustment.

Committee Amendment "A" (H-198)

This amendment adds an appropriations and allocations section.

This bill was again carried over, still on the Special Appropriations Table, to any special session of the 129th Legislature by joint order, S.P. 788.

LD 972 Resolve, To Increase Access to Brain Injury Waiver Services

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
WARRENC	OTP-AM	H-245

This resolve was carried over from the First Regular Session of the 129th Legislature on the Special Appropriations Table by joint order, H.P. 1322.

This resolve directs the Department of Health and Human Services to increase the rates for services provided to MaineCare members receiving Home Support (Residential Habilitation) Level I under the brain injury waiver, rule Chapter 101: MaineCare Benefits Manual, Chapter III, Section 18, to no less than \$8.63 per quarter hour. It also allows up to 400 units of care coordination each year rather than only in the first year of receiving services under the waiver. The Department of Health and Human Services is directed to explore opportunities to provide additional telehealth services, including care coordination services, provided by both licensed medical personnel and nonlicensed personnel.

Committee Amendment "A" (H-245)

This amendment clarifies that the Department of Health and Human Services must seek approval from the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services to amend the brain injury waiver to increase rates for Home Support (Residential Habilitation) Level I to no less than \$8.63 per quarter hour. It also requires the department to include any findings from exploring telehealth opportunities for brain injury services to be submitted to the joint standing committee of the Legislature having jurisdiction over health and human services matters as part of the annual telehealth report. The amendment also adds an appropriations and allocations section.

Joint Standing Committee on Health and Human Services

This resolve was again carried over, still on the Special Appropriations Table, to any special session of the 129th Legislature by joint order, S.P. 788.

LD 1012 An Act To Provide Stable Funding and Support for Child Care Providers

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MILLETTR	OTP-AM	S-211
GATTINE D	OTP-AM	

This bill was carried over from the First Regular Session of the 129th Legislature on the Special Appropriations Table by joint order, H.P. 1322.

This bill amends the child care services provisions in the following ways:

1. It establishes graduated quality differential rates for steps 2 to 4 in the 4-step child care quality rating system currently required by law;
2. It requires that contracts with providers of child care services prioritize infants, toddlers and preschool children up to four years of age in a variety of ways; and
3. It directs the Department of Health and Human Services to develop a shared services program for providers of child care services to realize efficiencies and achieve financial sustainability by sharing administrative and program services and costs.

Committee Amendment "A" (S-211)

This amendment, which is the majority report, lowers the increases to graduated quality differential rates for child care services for children other than infants from the bill. It also clarifies that the Department of Health and Human Services may use state funds to pay a quality differential rate for high-quality child care services if it chooses to do so. It allows the Department of Health and Human Services to use up to 25% of the State's federal child care and development block grant funding for contracts for high-quality child care to underserved children and areas of the State rather than requiring use of funding for contracts. The department is required to submit an annual report to the joint standing committee of the Legislature having jurisdiction over health and human services matters on the number of contracts, the percentage of block grant funding used for the contracts and the number of children served. It allows, rather than requires as in the bill, the department to develop a shared services program.

Committee Amendment "B" (S-212)

This amendment, which is the minority report, removes the sections of the bill that require increased reimbursement levels for graduated quality differential rates for child care. It allows the Department of Health and Human Services to use up to 25% of the State's federal child care and development block grant funding for contracts for high-quality child care to underserved children and areas of the State rather than requiring the use of contracts. The department is required to submit an annual report to the joint standing committee of the Legislature having jurisdiction over health and human services matters on the number of contracts, the percentage of block grant funding used for the contracts and the number of children served. It allows, rather than requires as in the bill, the department to develop a shared services program. This amendment was not adopted.

This bill was again carried over, still on the Special Appropriations Table, to any special session of the 129th Legislature by joint order, S.P. 788.
