Maine Scallop Fishery**

PUBLIC 107

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCDONALD G DOW D	OTP-AM	H-114

This bill allows the Department of Marine Resources to establish by rule an apprentice program for entry into the scallop fishery that includes an apprentice license allowing an apprentice to engage in dragging for scallops under the supervision of a scallop dragging license holder. It sets the apprentice license fee at \$250 and creates a \$250 license surcharge for a scallop dragger to sponsor an apprentice. It limits participation to residents and makes 18 years of age the minimum age to participate as an apprentice. It also changes rules to implement the scallop license limited entry system from major substantive rules to routine technical rules.

Committee Amendment "A" (H-114)

This amendment specifies that license fees collected for an apprentice scallop dragging license are to be deposited into the Scallop Research Fund and it clarifies that the fund may be used for the administrative costs associated with an apprentice program for entry into the scallop fishery.

The amendment also adds an appropriations and allocations section.

This bill requires the Commissioner of Marine Resources to establish an elver fishing lottery if the Atlantic States Marine Fisheries Commission allocates an elver quota specifically for use in aquaculture. To be eligible to apply to the aquaculture lottery, a person must hold a valid elver fishing license. The bill requires the commissioner to allocate the quota in five pound increments to each successful lottery applicant and requires that elvers caught as a result of this lottery be sold to an aquaculture facility approved by the commissioner. Twenty-five dollars of the \$35 application fee is required to be deposited in the Eel and Elver Management Fund for a life-cycle study of the elver fishery, and \$10 of the fee may be used by the department to fund the costs of administering the lottery.
