GRAMLICH L CARPENTER M	ONTP OTP-AM	

This bill creates an excise tax of 12¢ per gallon on the extraction of groundwater or surface water for commercial bottling for sale. Revenue from the tax must be used to improve the economy of the State by supporting the expansion and improvement of high-speed broadband access and by providing tuition grants for up to two years for postsecondary education.

Committee Amendment "A" (H-637)

This amendment, which is the minority report of the committee, reduces the proposed tax on the extraction of bottled water from 12¢ per gallon to 5¢ per gallon and provides that the revenue, after subtraction of administrative costs, is credited to the Highway Fund. The amendment also includes statutory referendum provisions to ensure that the tax will not take effect unless approved by the voters at a statewide election and changes dates to reflect the referendum timing.
