FIRST REGULAR SESSION

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 129th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

LD 1084 An Act Regarding the Operation of Pedal-powered Tour Vehicles

**Accepted Majority
(ONTP) Report**

This bill was carried over in committee from the First Regular Session of the 129th Legislature by joint order, H.P. 1322.

This bill defines "pedal-powered tour vehicle" and permits such vehicles to be used on public ways. The bill provides that a municipality may restrict the operation of a pedal-powered tour vehicle on a public way within the municipality only by requiring evidence of liability insurance and compliance with equipment standards and traffic restrictions established by the municipality.

Committee Amendment "A" (S-383)

This amendment is the minority report of the committee. This amendment replaces the bill. The amendment restricts a person from operating a pedal-powered tour vehicle on any portion of a public way that is not within a municipality, defines "pedal-powered tour vehicle" and exempts pedal-powered tour vehicles from the definition of "motor vehicle." It subjects the operator of a pedal-powered tour vehicle to the open container laws and allows a municipality to establish additional restrictions related to open alcoholic beverage containers and the consumption of alcohol by passengers on a pedal-powered tour vehicle. The amendment also creates equipment requirements for the operation of pedal-powered tour vehicles and creates licensing requirements, which include proof of insurance, for any municipality that allows the operation of pedal-powered tour vehicles.

This amendment requires that, if a municipality allows the operation of a pedal-powered tour vehicle on a public way, the municipality must create designated zones of operation for pedal-powered tour vehicles and such zones may not include public ways with a speed limit that exceeds 15 miles per hour. The amendment also creates requirements for the operators of pedal-powered tour vehicles and allows municipalities to establish other inspection, equipment and safety standards.

This amendment was not adopted.
