## LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 129<sup>th</sup> Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. An appendix provides a summary of relevant session statistics.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

*CARRIED OVER*..... carried over to a subsequent session of the Legislature  
*CON RES XXX*..... chapter # of constitutional resolution passed by both houses  
*CONF CMTE UNABLE TO AGREE*..... Committee of Conference unable to agree; legislation died

**LD 1138**      **An Act To Ensure Health Insurance Coverage for Treatment for Childhood Postinfectious Neuroimmune Disorders Including Pediatric Autoimmune Neuropsychiatric Disorders Associated with Streptococcal Infections and Pediatric Acute-onset Neuropsychiatric Syndrome**      **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BAILEY D DESCHAMBAULT S	ONTP	

This bill was carried over from the First Regular Session after referral of the bill to the Bureau of Insurance for review and evaluation of the financial impact, social impact and medical efficacy of the mandated health benefit proposal pursuant to Maine Revised Statutes, Title 24-A, Section 2752.

This bill requires health insurance coverage for treatment of childhood postinfectious neuroimmune disorders, a group of medical conditions that includes autoinflammatory encephalopathic conditions including pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric acute-onset neuropsychiatric syndrome. The treatments authorized include certain treatments described as the standard of care in a series of articles in the 2017 Journal of Child and Adolescent Psychopharmacology, Volume 27, Number 7. The requirements apply to all individual and group policies and contracts issued or renewed on or after January 1, 2020.

**LD 1387**      **An Act To Increase Access to Safe and Affordable Prescription Drugs**      **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
JACKSON T DILLINGHAM K	ONTP	

This bill was carried over in committee from the First Regular Session of the 129th Legislature by joint order, H.P. 1322.

Under the Federal Food, Drug, and Cosmetic Act, the importation of unapproved new prescription drugs, including foreign-made versions of prescription drugs that have been approved by the federal Department of Health and Human Services, Food and Drug Administration, is prohibited. However, the Food and Drug Administration has developed guidance that allows the personal importation of certain drugs. This bill, using the guidance developed by the federal Department of Health and Human Services, Food and Drug Administration, enacts the Maine Pharmaceutical Drug Safety Act to allow an individual in Maine to import prescription drugs from Canada as long as specific criteria are met, including that the drug is imported for personal use, that the individual importing the drug has a valid prescription, that the drug does not present an unreasonable risk to the individual and that no more than a 90-day supply of the drug is imported. The prescription drug to be imported must also meet specific requirements. The importation of controlled substances and prescription drugs for sale or resale is specifically prohibited.
